## Knight Notes *from the President*

**“Gratitude unlocks the fullness of life. It turns what we have into enough, and more... Gratitude**

**makes sense of our past, brings peace for today and creates a vision for tomorrow.”** –Melody Beattie

As we prepare for Thanksgiving and the Christmas Season, it’s important for us to pause in the midst of our busy lives and to express our gratitude to God and to the people in our lives who make a positive difference. So often we can focus on what is wrong or missing in life, instead of looking at what is good and blessed, and given to us by God. Every person, every family, every organization will

always have problems and needs, but they also have abundant gifts and blessings that God has bestowed on them. We must take time, not just around Thanksgiving, but every day, to be grateful for what has been given to us.

With this in mind, I would like to take this opportunity to say “thank you” to the students, faculty, staff, parents, and benefactors who generously share their lives and resources in order to make Archbishop Bergan a place where we can experience the living presence of Jesus Christ. Bergan is a community where faith, knowledge, and service are at the very heart of who we are, and we are who we are today because of the generosity of many people who came before us. All of us at Bergan are grateful for the many gifts and

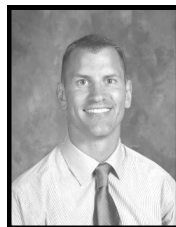

sacrificial acts that have been shared in order to provide a Catholic education for the young people of Fremont. Our faculty and students pray often for the alumni, former staff members, and benefactors of our school. Please be assured of those continued prayers!

As we look to the future, please pray with me, that the future of Archbishop Bergan Catholic School will be built upon gratitude. May our vision of the future be shaped by faith, courage, generosity and grateful hearts.

May you and your loved ones have a blessed Thanksgiving, and a grace-filled Christmas Season!

*Fr. Dave Belt  
President*

## Principal’s News

Bergan Family,  
On behalf of the students and staff at Archbishop Bergan Catholic School, I want to thank everyone that contributes to the 2014 Knight Event. This truly is an extraordinary event that only happens due to the time, talent, and treasure provided by so many individuals. First and foremost, I want to say thank

you to all of the people that have had a hand in this annual fundraising night. The small army of volunteers along with the individuals and businesses that underwrite and donate to the Knight Event truly make a direct impact on the education that we offer. This event provides much needed revenue that directly impacts the budget and bottom line at Archbishop Bergan Catholic School each and every year. It costs roughly \$6,400 to educate a student in our school

system, while the Kindergarten through Twelfth grade student tuition rate averages \$3,500 a year. That leaves a \$2,900 gap in expenses that needs to be accounted for each and every year, for each and every student. Given that we have a little less than four hundred students in our school system this means we have over one million dollars that we must raise yearly.

*continued on page 2*

## Principal's News, *continued from page 1*

The Knight Event along with the Bergan Fund, formerly known as the Annual Appeal, are the two largest forms of revenue that help us bridge this gap.

The Knight Event also serves another purpose, which is to bring our school family together to celebrate the achievements that we have experienced. Our Catholic school is truly building Jesus's disciples each and every day. We are instilling a passion, as exemplified by Christ, for faith, knowledge, and service in our students. Our students are achieving great things in the classroom through the guidance of an exceptional staff. The extracurricular activities programs are experiencing remarkable successes every day through student participation and triumphs. Archbishop Bergan Elementary School is experiencing record enrollment numbers. It truly is a great time to be a Bergan Knight!

The past 16 months have reaffirmed my belief that Archbishop Bergan is an extremely special place. As an

alumnus of Archbishop Bergan, I have fond memories of what this school means to me from my experiences attending school here. Being engrained in the Bergan experience daily has reaffirmed my beliefs and allowed me to recognize three distinct truths about this school system. These truths can be summed up by looking at what I call the three "F's"; **Faith, Family, and Friends.**

- **Faith** is foundational to what we do every single day. Our faith is the reason that we operate this school system as we are tasked with forming the next generation of Jesus's disciples. Jesus is at the center of all of the activities that we complete in a school day and the Holy Spirit guides us in all that we do.

- We at Archbishop Bergan Catholic School are truly a **family**. Our students model this through the family relationships they have built using the HOUSE system. The staff is an extremely cohesive unit that treats every one of the students as if they were their own child. Our parents are tremendous volunteers as we would

not be able to operate the school without their willingness to get involved.

- Students build lasting **friendships** through daily classroom interactions. The size of our school allows all of the students to develop unique friendships, getting to know each other very well. Our size also lends students the opportunity and ability to get involved in multiple activities.

As we reflect on the challenges as well as our successes, let us be thankful to God for His gifts. Let us look forward to the future of our school with optimism, knowing that God will provide. May we celebrate our accomplishments and give thanks to God. I personally am extremely thankful for each and every one of you. Thank you from the bottom of my heart for all that you do to support Archbishop Bergan Catholic School.

In His service,

*Dan Koenig*  
*Principal*

## Welcome Father Benjamin Boyd

Father Boyd grew up in North Platte, Nebraska and graduated from St. Patrick's Catholic School. Fr. Ben's parents and oldest brother Jeff and family live in Omaha, his brother Kevin and family live in Westborough, Massachusetts and his sister Jodi and family live in Beatrice. Fr. Ben attended the University of Nebraska at Lincoln for 2 years and then worked in construction and carpentry for the following 4 years. He entered Semi-

nary at Conception Seminary College located in Conception, Missouri and later Kenrick-Glennon Seminary located in Shrewsbury, St. Louis. Fr. Ben was State Champion in wrestling while in high school and did some inter-mural wrestling while at UNL. He coached wrestling at Beatrice High School and has plans to assist coaching at Bergan.

When asked when he felt that call to become a priest, he replied that he 'never wanted to be a priest.' He wanted marriage and a family, not the life of a priest. After attending UNL,

he kept getting signs from God pointing him to the priesthood. He chose to ignore them, in vain, until he felt no pleasure or fulfillment and things kept going wrong in his life. After a five year span, Fr. Ben accepted his call to serve God in the priesthood and entered the Seminary. It was only after that surrender he felt an overwhelming peace.

We are very blessed to have Fr. Ben at St. Patrick's Parish and Archbishop Bergan Catholic School.

## Among our Graduates

**Rick Gerrard ('75)** is deputy director of the City of Phoenix Office of International Relations and vice president of Phoenix Sister Cities, Inc. He has served in this capacity since March 1999. Rick is responsible for handling matters of protocol and the programming of meetings and activities for the international delegations visiting the City of Phoenix on official business. In addition, he is responsible for designing, organizing and coordinating international exchange-rated activities and events associated with ten sister cities around the world.

Prior to his arrival in Phoenix, Rick was deputy director of the Town

Affiliation Association of the United States, Inc., better known as Sister Cities International, based in Washington, D.C. He spent ten years with Sister Cities International in various capacities where he managed grant programs and designed and conducted international exchange, training and development programs worldwide.

He has organized and conducted political, educational and trade delegations to more than two dozen industrialized and developing countries, including the first visit of United States mayors to South Africa after the collapse of apartheid in 1995; the first

visit of US mayors to Vietnam after the normalization of diplomatic ties in 1996; and the first visit of US mayors to Northern Ireland in 1997, just prior to the Good Friday Peace Accords in 1998.

Rick has been involved in international affairs for over twenty-six years. He received his master's degree in Latin American history from George Mason University in Fairfax, Virginia, and a bachelor's degree in social sciences and education from the University of Nebraska-Lincoln. He speaks Spanish and Portuguese and served for over two years as a Peace Corps volunteer in Paraguay.

**Connie Charleston Chudomelka ('63)** and her husband Kurt currently own Uncle Sam's Antiques located in downtown Fremont. Connie's siblings who graduated from St. Patrick's High School/Archbishop Bergan are brothers Keith Charleston ('58) and Bob Charleston ('72) and sister Karen Charleston Bergmanis('60). Connie's

family connections to Bergan run deep. Her mother Rose started the lunch program for St. Patrick's School and helped as a bus driver for the students.

Connie and Kurt also owned a restaurant, KCs Café & Bar for years in Fremont. Connie credits their success

in the restaurant to her mother, who was the chef and managed the kitchen along with her sister Karen, sister-in-law Robin Pieper Charleston ('72) and niece Jane Bergmanis Perry, and nephews, the late Jim Bergmanis ('85) and Joey Bergmanis ('91).

## Jerry Mahlberg, Joe Cajka posthumously & Bob Vance posthumously Long time contributors

**Jerry Mahlberg Family**

**Joe Cajka Family**

**Bob Vance Family**

For nearly 50 years, Joe Cajka, Jerry Mahlberg and Bob Vance supported Bergan in numerous capacities. Transporting teams and equipment, keeping stats, running the clock, starting track races, scouting other teams and assistance coaching are just a few of the countless tasks that they readily performed to keep Knight athletics moving in the right direction. Most noted for their long-time role as football stat keepers, Cajka, Mahlberg and Vance were fixtures on the Bergan Knight sidelines for over four decades. These three men were outstanding examples of Christian lives lived for the benefit of others. They served on the School Board, Booster Club Board and donated countless hours of their time, talent and treasure to St. Patrick's Parish as well. Their spirit of selflessness is at the core of what it means to be a St. Patrick's-Archbishop Bergan Knight and their legacy endures with every hour of volunteer service that continues to this day.

## Clinton "Buddy" Lord Athlete 1948-1951

Buddy was a member of the original graduating class of St. Patrick's High School in 1951. He not only excelled in football, basketball and baseball but also in journalism, vocal music and school play productions. He played a multitude of positions on the football field, and as an accomplished basketball player, Buddy was named to the All-Conference team and helped lead them to the NAIA National Championship in 1954. He continued to enjoy success at his college and pitched professionally in the minor leagues as a member of the Brooklyn Dodger organization in 1956, going back to coach his college alma mater at the varsity and junior varsity levels for two years. Buddy Lord could very well be considered the prototype for well-rounded excellence for St Patrick's-Archbishop Bergan High School student.

## Joe Vojtech Coach 1972-1995

Joe Vojtech's career spanned nearly 23 years and included the roles of Teacher, Coach, Athletic Director, and Principal. While also coaching wrestling and track, Joe's most notable success came as Head Football Coach, a position he held for 17 seasons. More important than wins and losses, his approach was centered on building long-term relationships and this was truly at the heart of his teaching and coaching philosophy. Joe married his high school sweetheart and their two daughters are Bergan Alumni.

# The Bergan (Annual Appeal) Fund

We often get the question, “Why is there a Bergan Fund request every year?” The answer is simple, but seldom addressed. Archbishop Bergan Catholic School is determined to assist our students with develop-

ing as mature, compassionate, independent thinkers and leaders in an educational environment that “Exists to Instill Passion, As Exemplified by Christ, for Faith, Knowledge and Service”.

This promise cannot be accomplished without your support of the Bergan Fund. Archbishop Bergan School has always existed to make our exceptional, faith based education, available to the entire community and the surrounding area. To assist with that goal, Bergan's tuition rate only covers a portion of the cost of educating each student. Our budget is comprised of two primary fundraising sources; the annual Knight Event and the annual Bergan Fund. These funding sources help close the gap created by the difference in actual costs and actual revenue. The success of these fund raisers helps keep tuition rates well below the Metro-area's Catholic School aver-

age, while providing an exceptional educational experience.

Your annual gifts to The Fund helps ensure our Pre-Kindergarten – 12th Grade students will continue to receive a superb, college preparatory education at a cost that is attainable for our community's families.

## Your support:

- Enhances program development by making it possible for our students to participate in, and earn Post-Secondary (college) level credits through our local post-secondary institutions.
- Helps upgrade usable technology as well as infrastructure to keep our students achieving at the highest levels and performing higher than the state's average in ACT testing.
- Ensures our faculty has access to programs that enhance their teaching skills while supporting their spiritual and leadership development; and keeps Archbishop Bergan's school and campuses safe, clean and attractive.
- Provides us the opportunities to highlight to our current students what it means to be a “supportive alumnus,” while emphasizing

many different people sacrifice for them to have access to exceptional education.

Only with the extreme generosity of the Parishioners of St. Patrick's Catholic Church, parents, alumni, parents of alumni, faculty and staff, grandparents and friends can Bergan offer the level of exceptional education the alumni and the community has come to expect. Together, we can guarantee that Bergan's mission will continue by committing its resources to the Christ centered, personal, college preparatory education of our students.

We are excited to soon kick-off the 2014-2015 Bergan Fund drive. Alumni, please be watching the mail for an introduction of a new matching-fund partner in this year's Bergan Fund. With your help, we are planning on reaching great goals for the students of Archbishop Bergan Catholic School.

## News from the Advancement Office

Remember the days of sitting in your back to school assemblies in the dead heat of August, the sweat rolling down your face and you are thinking, “if only I could feel a breeze of cool air...”

Recently, a group of Bergan Boosters came together and re-energized the High School Gymnasium Air Conditioning project (including associated learning spaces). In the short time of their re-convening, they have successfully secured a \$10,000 grant for the project from the Fremont Area Community Foundation, in addition to an anonymous contribution of \$10,000. This project is designed to provide an enhanced student-learning environment, modernized athletic facility for student athletes and a climate controlled venue for spectators. Additionally, a climate control system will allow this space to be used for more school and community functions year round.

This climate control system will include adding air conditioning units while also installing the necessary air handlers to provide for year round fresh air management. The air conditioning units will cool the air in the warm months and the air handler units will continuously control the climate in the cold months. The facility

improvements will greatly enhance the numerous student activities, important social events, and athletic events, as they will be held in a more comfortable setting.

It is not only for the benefits of the sport teams that practice and compete in Bergan's gym, it actually has an effect on the estimated 12,439 students, parents, spectators, and other organizations that use Bergan's gym throughout the year. Other facility amenities that would benefit from the improved climate are the weight lifting/fitness room, wrestling room, rehab treatment room, athletic locker rooms (4), and the performing arts stage. All the axillary spaces are very active and used on a regular basis.

The equipment proposed would be the most modern, energy efficient units available, and installed by local contractors. By addressing the air conditioning/ventilation issues for the entire complex, the facility will be more functional because of the improved climate control for the entire year. During winter months, large group gatherings in the gym and extended rooms get very humid causing moisture problems with the floors and walls. The improved ventilation would alleviate those concerns and save money on repair costs. Air conditioning also addresses school safety. The doors currently are being propped open to allow for air circulation on

warmer days and now they will remain closed and locked.

The most obvious advantage would be the improved cooler indoor temperature during the months of April through September. All activities would be held in a comfortable environment. The other advantage will be the improved airflow/ventilation for the months of October through March. The Knight Event dinner and auction fundraiser held in late November, annually hosts over 500 attendees and volunteers in the “converted” gymnasium. Because of the extensive transformation through decorations, and the volume of people, the gym becomes stagnant with a lack of air movement. The air handlers would improve the ventilation and would create a more comfortable event.

As previously mentioned the Boosters working on this project have already secured \$20,000. They are working to generate funds from other vested organizations that support Archbishop Bergan Catholic School and St. Patrick's Catholic Church. If you are interested in contributing to the High School Gymnasium Air Conditioning project, please contact the Advancement Office for more information at 402-7521-1846 or by e-mailing [bonie.nebuda@berganknights.org](mailto:bonie.nebuda@berganknights.org).
